QUALITY POLICY

The highest satisfaction with our agricultural insurance services among our internal and external stakeholders is our commitment.

We optimize the use of available resources to provide responsive livelihood protection at the appropriate level and right time, to the greatest number of marginal farmers and fisherfolk.

We assure this by:

- empowering the workforce;
- maintaining and expanding the partnership with public and private entities nationwide;
- adhering to local and international standards; and
- integrating risk-based quality management system in the delivery of our products and services toward continual improvement.
