

# CORPORATE MANDATE

The Philippine Crop Insurance Corporation (PCIC) was created under P.D. 1467 on 11 June 1978. Its charter was amended by P.D. 1733 on 21 October 1980 and R.A. 8175 on 29 December 1995.

Its principal mandate is to provide insurance protection to the country's agricultural producers, particularly the subsistence farmers and fisherfolk, against:

- Crop losses arising from natural calamities such as typhoons, hails/hail storm floods, drought, earthquakes, tornados and volcanic eruptions as well as plant diseases and pest infestation.
- Non-crop agricultural asset losses due to perils for which the asset has been insured against.

## INSURANCE PROGRAMS

### 1. RICE AND CORN CROP INSURANCE

An insurance protection extended to farmers against losses in rice and corn crops due to natural calamities as well as plant diseases and pest infestations.
